You may also find it easier to uninstall Gothic from your computer. To do so: Click the Start button, and then click Control Panel. In the search box, type Control Panel and then select the Control Panel from the list of results. In the Control Panel, select Uninstall a program, and then select Gothic from the list of results. In the window that appears, select the box next to Uninstall, and then follow the instructions. If you can't find Gothic in your Control Panel, you may have to uninstall the program from an administrator's account. This is because the settings for the program are often stored there. Click the Start button, and then select Control Panel. In the Control Panel, select Programs, and then select Uninstall a program. In the window that appears, select Gothic and then select Uninstall. When this is complete, you may need to restart your computer, but the game will now be uninstalled. Important: When you uninstall a program, you may receive a notification for your computer. This warning will usually appear in the system tray. This is normal. If you are not sure that you want to uninstall the program, just ignore the notification. If you have installed more than one game and you want to uninstall Gothic first, uninstall Gothic first. After that, you can uninstall the remaining games. Download and play Gothic: The Gothic installation package that you have downloaded is a self-extracting executable. Double-click on it to start the installation process. Follow the instructions on screen. If you see a window with information about the Gothic installation, select Next. If you don't see a window with information about the Gothic installation, select Exit to exit the installation process. You will now be presented with a window with the Gothic setup. Select Finish to install Gothic. When the installation is complete, the game will start automatically, and you will be able to play Gothic. Select Gothic from the Games menu. The game will then start and you will be able to play Gothic. Play Gothic Gothic is a free horror-themed turn-based strategy game. It's not much like other Gothic games 82157476af
